The Spider (convertible) version was introduced in 1995.

The design of the Ferrari 348 was modified by the famous Italian design studio Pininfarina resulting in the Ferrari 355. It was one of the most popular Ferraris of all time.

With an improved DOHC engine the 355 produced 80 more horsepower than its predecessor not to mention performance upgrade with an improved suspension and chassis.

The 355 is most peoples favourite creating a head turning appeal with its sleek design and convertible cruising.

This 355 has a performance muffler fitted creating the ultimate ride, stick shift, all books and service history available.
